## “Infectious Disease in Dentistry”

**Dr. Jay Sizemore**

**November 17th**

*6:00 pm at the Chattanooga Golf and Country Club*

Dr. Sizemore, a Chattanooga, TN native, received his BS in Psychology from Duke University in Durham, NC. From there, he earned his MD degree from the University of Tennessee. He then completed an internal medicine internship and residency at Johns Hopkins Hospital in Baltimore, MD. Subsequently, he finished an Infectious Diseases Fellowship and obtained a Masters of Science in Public Health at the University of Alabama at Birmingham. He returned to Chattanooga in 2005. Currently, he is the Infectious Diseases Division Chief, Department of Medicine at the University of Tennessee College of Medicine Chattanooga. He is the Medical Director of the Antimicrobial Stewardship and Infection Prevention Programs at Erlanger Health System. He is Past Chief of the Medical Staff at Erlanger Health System. He also serves as the Chief Medical Officer at Cempa Community Care, the Ryan White funded clinic serving over 900 HIV infected individuals in Southeastern TN.

## President's Message:

Greetings Friends and Colleagues!

I hope that this edition of the CADS newsletter finds you well. In case you weren't aware, there is a lot going on in the world....between COVID-19 still raging, the presidential election, and my Vols stinking it up on the football field, there isn't too much to be excited about. If you are like me, you have to look a little harder to find joy in our crazy world. The little things are so special now—the smile of a child, the warmth of the sun on a cool autumn afternoon, a compliment from a patient that appreciates your hard work...these things can really keep you going. So, I encourage all of the to keep your chin up, stay positive and look for the small things that can brighten your day when things appear dark.

I, like many of you, have missed the opportunity to fellowship with colleagues. Our October CADS meeting was held recently and while it was different, it was great to see many friends and enjoy a fantastic program—thanks to Dr Heath Blockley and Dr Anthony Hodges for sharing their talents. In November, we plan to host infectious disease specialist, Dr Jay Sizemore, who will share pertinent information relevant to our practice and personal lives. We are planning on having a virtual component to this meeting if you are unable to attend in person. Be on the lookout for sign-up information online soon.

As we zoom into the fall, I look forward to seeing you all, if not in person than virtually.

Have a wonderful Thanksgiving, stay safe and God Bless!

**Andy McDaniel, D.D.S., M.S.**  
CADS 2020-2021 President

## Your profile picture makes a difference!

Did you know that when patients go to “Find A Dentist” they are more likely to click on the one that has a profile picture and skip over the ones that do not???

**So, say cheese!**

**ADA FIND-A-DENTIST®**

**ADD A PHOTO, GET MORE CLICKS.**

**ADA. Thank you! ~ Rhonda**

<http://ebusiness.ada.org/myada/>

The patients, ADA, TDA and CADS would like to see your smile! You are your best advertisement! Too shy? Put up your office team picture or logo! Remember: no pic may mean no click! We would love to have CADS with 100% ADA Profile updated participation!

# CONTINUED EDUCATION MEMBER OPPORTUNITIES

**Wednesday, Nov. 4 at 12 p.m. CT:**

## **Healthy People 2030: The Fifth Decade Of Opportunities To Promote Oral Health**

Registration: [https://zoom.us/webinar/register/WN\\_mUA8iSm3R4CEqML1S1J-ug](https://zoom.us/webinar/register/WN_mUA8iSm3R4CEqML1S1J-ug)

This webinar will discuss the oral health goals and objectives of Healthy People 2030, the importance of incorporating health literacy in achieving them and how to create effective strategies in dentists' daily work with their patients and communities.

**Tuesday, Nov. 17 at 12 p.m. CT:**

## **Coding for implants**

Registration: [https://zoom.us/webinar/register/WN\\_RYMv0Xg4Q1eTHLGZK4yAHg](https://zoom.us/webinar/register/WN_RYMv0Xg4Q1eTHLGZK4yAHg)

This webinar addresses the common perception that all the codes one needs are in one category of service. However, documenting and reporting an implant case — from initial diagnosis and treatment planning through placement of the definitive prosthesis — requires CDT Codes from different categories of service. Codes for necessary procedures are found in the Diagnostic, Oral and Maxillofacial Surgery and adjunctive categories of service, as well as in Implant Services.

## **CHEMICAL DEPENDENCY** **& PRESCRIPTION WRITING CE**

The **TDA NEWS**, September/October issue, is live on the TDA website. This issue includes the yearly *Chemical Dependency and Prescription Writing* article written by Dr. Anthony Carroccia (1 hour CE).

**Cost:** \$25 TDA Members and staff.

### **ON-DEMAND WEBINAR**

1 hour Continuing Education course with Dr. Stephen Loyd. This course covers the neurobiology of addiction, the role of trauma in development of addiction, strategies for screening patients, and the proper prescribing principles.

**Cost:** \$25 TDA Members and staff .
